Highlights from the Mayor

Mayor Duane Rosenberg - drosenberg@newcarrolltonmd.gov - 301-459-6100

Help us plan New Carrollton's future by taking our New Carrollton Community Survey. Respondents who complete the survey by 5:00 p.m., October 7, 2019 may be eligible to enter into a random drawing for chance to win a \$100 gift certificate to a New Carrollton business.

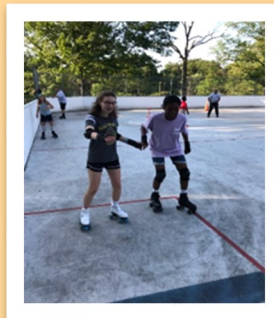

In late July, I was invited to the kick off re-election campaign event for the incumbent College Park Mayor Patrick Wojahn. College Park will be holding local elections in November 2019 and Patrick wanted some of us local mayors to come out and offer support. The mayors from University Park, Greenbelt, and I attended. I was struck with the similarities in College Park's priorities and our own here in New Carrollton. Mayor Wojahn described a number of College Park community successes and efforts he plans to take to introduce new community groups. I like to learn from other towns' success stories.

College Park has some offerings that may be a challenge for us – they host two weekly Farmers Markets, promote community biking through a local bike shop, encourage residents to gather on Saturday mornings to exercise together at the Parkrun 5K, and support healthy eating and living through the local organic food market. All of these are excellent ways to attract locals to get involved with each other. I applaud Patrick for his vision and I remain on the lookout for openings to establish our own community groups here at home to promote connectedness and healthy activities. Our Green Team, Community Gardens, the Friends of the Police, the Library Friends, the Seniors Lunch Program, and our Youth Sports programs are all good starts. College Park's plans to construct a new City Hall Building is another goal that we share with them. I have hopes that we are successful in working with the MNCPPC to obtain land to move the New Carrollton City Hall closer to the heart of town where the schools, recreational facilities and library are located. I'll do my best to keep you updated of community activities and events.

***Bernard 'Wilson' Cochran, former
Public Works Director***

I want all of us to wish Wilson Cochran, our Public Works Director, best wishes in his new career transition. Wilson accepted a position with Charles County that offers greater career opportunities with his credentials. Wilson recently completed his Masters of Business Administration. In his resignation letter, Wilson thanked the residents, the staff, the Mayor and Council for the opportunities he was offered here at the City. **Congratulations, Wilson!**

Skate Night Fun 2019

Annual Cardboard Boat Race

The summer would not be complete without the annual New Carrollton pool cardboard boat race. The rules? Construct a boat of only cardboard and duct tape and navigate the boat two lengths of the pool without sinking. It's another New Carrollton tradition that generates shouts and cheers from spectators and fills many a recycling bin with wet cardboard at the end of the day. If you're so inclined and have an aptitude for designing sailing vessels, be sure to enter the next cardboard boat race in summer 2020.

Skate Night

Saturday evening, June 22, was our first Community Skate Night at Weinbach Park. It was a resounding success. Not only was the skating rink full, but the DJ had to leave his sound equipment for an additional hour so that the skate time could be extended. The skaters didn't want to leave the rink! Thanks to our Police Department arranging the event.

Highlights from the Mayor

National Night Out

We are second to no one when it comes to National Night Out. Thanks to Chief Rice, the Police Department and our Public Works crew who pour their heart and soul into making this day special each year. A special thanks to the Friends of the New Carrollton Police Foundation for helping to fund the event. From the displays to the activities and the gourmet hot dogs, everyone enjoys the activities while being educated on the latest thoughts on controlling crime in the community. We have the distinction of attracting not only our town residents but others from surrounding jurisdictions. When you do something first class, the word gets out.

Community Day

The Community Day tradition has evolved over the years from the early days of the annual Corn Boil to an all-out celebration with activities for all ages. Community Day in recent years have been so well orchestrated that I meet people coming from all over the Metropolitan Area to join us for the festivities. Thanks to the entire City staff for putting this together. Community Day requires teamwork among the Administrative Staff, the Police Department and the Public Works crew. It's an all-hands-on-deck operation and puts forward the best we have to offer as New Carrollton. I'm thrilled to see so much of the town coming together each year for this event.

*City of New Carrollton Green Team, Chair
Natalie Bend & Stephanie Zimmer*

The City's Green Team getting the word out at National Night Out 2019. A big thank you to all participants of the Green Team for helping and talking to residents about the City's Green Team.

School is Back in Session

Residents PLEASE be cautious when driving around the City. Schools are now back in session, and school buses are dropping off and picking up children from various bus stops. Please obey the stop sign displayed by school buses and watch for children in the road. The safety of our children is of utmost importance.

September Town Hall

I've reserved a room in our newly renovated New Carrollton library building to conduct a town hall meeting. I'm hoping that holding the session inside the beltway and a convenient location for many of us will help increase participation. Please put September 19 on your calendar and plan to come out to the Town Hall at the library, 6:30 p.m. until 8:30 p.m. I look forward to seeing you there. For more details see page 7.

I continue to share weekly updates by email. The recipient list has grown in recent months. Feel free to contact me at City Hall if you'd like to be added. Wishing everyone a wonderful fall season.

VERA COPE WEINBACH MEMORIAL SCHOLARSHIP

The Vera Cope Weinbach Scholarship Fund was established in 1980 in memory of the first female City Councilwoman, Vera C. Code Enforcement Hard at Work

As many of you have seen, your Code Enforcement Department has been hard at work over the last year conducting inspections, patrolling the City and responding to resident concerns and complaints. In addition to handling their daily work assignments, your Code team led by Isiah Harris, Inspectors Pamla Bennett, Dennis Washington and Barry Wade, have collectively closed over 1,600 open cases since the beginning of this year and have reduced our open cases count down to 230. Through this period Code Enforcement Department also conducted 143 rental inspections, reviewed 53 building permits and resolved 53 citizen complaints. A monumental accomplishment.

Helpful Hints to Residents from the Office of Code Enforcement

As leaf season is just around the corner. Start to prepare by taking a quick walk around the exterior of your home, looking for clogged and damaged gutters, exterior drains that may be clogged, over-growth and any other exterior damage. Cleaning out gutters and drains is a miserable, messy and a stinky job, but the earlier you start identifying these potential problems the more cost effective it is. Early maintenance can help reduce costly repairs later. Installing gutter guards could put that headache behind you, but how the heck are you supposed to know which type to buy? Examine the three most popular types of gutter guards: screen, surface tension and fine mesh. Compare the different features, installation methods and prices to help you decide which ones will work best for your house. And if you install them yourself, you can save tons of money-some pro installers charge as much as \$20 per ft.! The guards we'll cover are designed for 5-in. K-style gutters, typical on many homes.

If you own a pool be sure to do the proper maintenance as well. Have pools propyl drained and covered to help preserve the life of the pool. If you cannot do it yourself shop around to get quotes to have you pool maintained.

If you have questions for the department please call we are here to help. 301-459-3771
