Who are those ladies?

The Green Team call them the dynamic duo! Many residents have met **Jean and Rose** together in different locations around New Carrollton filling bags with litter. They get their fresh air and exercise while working with gloves and pincers gathering the plastic, glass and paper trash that collects along Brier's Mill Ditch and other sites in the city. Briers Mill Ditch is the name of the creek running along Carrollton Parkway. It is a tributary of the Anacostia River and eventually the Chesapeake Bay. These ladies walk through the fields and woods near Charles Carroll Elementary School and along the recently restored waterway picking up discarded trash littering the city.

The City of New Carrollton Green Team, the Mayor, City Council, and City staff would like to thank **Jean and Rose** for setting an example to their fellow city residents and taking the initiative to go through the community to remove trash and for keeping our city clean.
