COMING SOON FOOD WASTE COMPOSTING ECOSAFE

Dear New Carrollton Resident,

We are excited to announce our new curbside Food Waste Collection Pilot Program partnering with EcoSafe.

Keeping food waste out of the garbage is one of the most impactful things we can do for our planet.

Information On How To Sign-Up Will Be Announced Soon!

Tips for Food Waste Collection

- ✓ Food scraps, food soiled paper, and plants can be composted.
- ✓ Avoid adding any contaminants to your bin like plastic bags, produce stickers, or glass. "When in doubt, throw it out."
- ✓ Always have an extra bag in your kitchen for quick access when your kitchen caddy gets full.
- ✓ Paper towel or newspaper under the compostable bag will keep the condensation down.
- ✓ Can't make it to the waste room when your bag is full? Store your food scraps in the freezer.

©2022 EcoSafe Zero Waste Inc.

Composting 101

Step 1: Line your new kitchen caddy with a compostable bag and fill it with food scraps.

Step 2: When full, tightly tie the top of your food scraps bag and drop into your EcoCaddy bin. Re-line kitchen caddy.

Step 3: Place your EcoCaddy by your curbside on waste pickup day and repeat!
