MAYOR'S CORNER

Mayor Andrew C. Hanko

The office of the Mayor of the City of New Carrollton is located within the Administration Department at the New Carrollton Municipal Building.

6016 Princess Garden Parkway
New Carrollton, Maryland 20784.
Phone: 301-459-6100
Fax: 301-459-8172

Highlights of the Mayor:

I would like to mention that our children are back in school and I ask that we all drive more cautiously through the City.

Congratulations to our Police Department, as we joined the entire nation in celebrating "National Night Out". National Night Out is a night dedicated to the development and promotion of various crime prevention programs as we join all law enforcement agencies, businesses, civic groups, and individuals devoted to a safer community. A special thanks to Mrs. Sharon Rice for Chairing the event and making it a successful evening.

A Planet Aid drop-box has been placed at the entrance to Beckett Field for the convenience of our residents. Planet Aid is a nonprofit organization that collects and recycles used clothes and shoes and supports international development projects. The boxes are found throughout the areas of the United States, helping to save resources and lessen environmental impacts by reducing waste.

The City hosted the Annual Employee Appreciation Barbecue at Public Works, where I recognized new employees and presented awards to employees serving the City for many years.

The City's Veterans Committee has been meeting to consider the installation of a Memorial at Veterans Park. The committee is asking for the names of veterans that reside in the City. Please call the Municipal Building at 301-459-6100 to register their names.

I would like to remind resident to continue to recycle.

Safety Tips for Your Car

The Next Time You Leave Your Car, Leave it Empty.

Criminals love to go window shopping. They walk down neighborhood streets or go through shopping center parking lots looking through the windows of parked cars to see what people have left behind.

All too often, those thieves are given an opportunity: a car owner has left some valuables - maybe gifts for a loved one - in clear view. It takes only seconds for the criminal to break the car window and take off with the merchandise.

Don't give thieves that kind of opportunity. Make sure you leave nothing of value in plain view in your car. Take valuables away with you, or put them in the trunk. If you own a sport utility vehicle, cover your valuables. Take your GPS and cell phone stands out of the window or dashboard.

Remember, when you leave your car, leave it empty. And the thief will leave empty handed.

Car Cigarette Lighters Can Send a Big Message, Be Careful!

In crime prevention, as in many other parts of life, little things can mean a lot. Take, for example, a car's cigarette lighter. It may not look like much to you, but it can send an important signal to thieves.

Some criminals look at the dashboards of cars. If they see the cigarette lighter is missing, they figure there is at least a possibility that it has been taken out to accommodate a battery charger or power adapter for a cell phone. They're willing to take a chance that the cell phone is not far away - maybe stored in the glove box. So, when they don't see a cigarette lighter in a car, some thieves will break the passenger side window, and open the glove box, hoping to find a cell phone inside. If you don't have a cell phone, the criminal will just move on, looking for another opportunity. But he - or she - has left behind a mess of broken and shattered glass for you to clean up, and a colossal headache until you get the car repaired.

Don't give criminals an opportunity. Whether or not you have a cell phone, keep that cigarette lighter just where it belongs when you leave your car. If you do, you're much less likely to encounter a rude surprise when you come back.

Lock Your Car and Block a Thief

It may take you only a minute to run into a convenience store for a cup of coffee or a morning paper. But if you leave your keys in the car with the motor running, it takes a thief only seconds to drive off with your car.

A surprising number of people, however, do just that: they leave the keys in the ignition, and let the motor run, while they run into the store. That practice wastes gas, doesn't help the environment, and could result in a stolen car. A 1996 survey by the Regional Auto Theft Team showed that 25 percent of stolen cars were taken when the driver left the keys in the ignition.

Leaving your keys behind like that is an open invitation to criminals, so don't give them that opportunity. When you park your car, take the keys - and let the thief take a hike.

Sharing the road safely with school buses .

- School buses are one of the safest forms of transportation on the road today.
- In fact, according to the National Highway Traffic Safety Administration, riding a bus to school is 13 times safer than riding in a passenger vehicle and 10 times safer than walking to school.
- The reality of school bus safety is that more children are hurt outside the bus than inside as passengers.
- Most of the children who lose their lives in bus-related crashes are pedestrians,.
- Four to seven year old children, get hit by motorists illegally passing a stopped school bus.
- For this reason, it is necessary to know the proper laws and procedures for sharing the road safely with school buses.

All 50 states have a law making it illegal to pass a school bus that is stopped to load or unload children.

All 50 states require that traffic in both directions stop on undivided roadways when student are entering or exiting a school bus.

CITY OF NEW CARROLLTON
6016 PRINCESS GARDEN PARKWAY
NEW CARROLLTON, MARYLAND 20784

WATCH . REPORT . PROTECT

Help prevent crime, especially during the daytime and late night.
See something odd? Not quite right? Seems out of the norm?
Gives you pause?
This is when you should call the Police!!!
