Highlights from the Mayor:

On September 4, 2015, The City of New Carrollton celebrated the retirement of the Director of Code Enforcement, Joseph Welch, and Assistant Director of Code Enforcement, John Fulbright. Joe and John were extremely dedicated and committed to the City of New Carrollton throughout the years. Joe has retired after 25 years of service and John retired after 13 years of service. The City Council, Staff and I would like to thank the gentlemen for their many years of service to the City and wish them both well in their future endeavors.

On September 12, 2015, the City of New Carrollton celebrated its Annual Community Day event. I want to express my gratitude and thanks to all the sponsors, vendors, volunteers, for their participation. I would like to especially thank our Police, Public Works Crew, and most of all the City's Administrative Staff who helped make this event happen. A great deal of time and efforts was put forth to prepare for this day. I hope all in attendance had a great time.

The City's Annual Halloween Party was held on Saturday, October 24, 2015, as always it was a great success due to the participation of volunteers, our Councilmembers, sponsors and the City's dedicated staff who work diligently to help make the event a success. A big thank you to all the participants.

The City will be offering Flu Shots on Tuesday, November 17, 2015, at the New Carrollton Municipal Center (6016 Princess Garden Parkway) from 10:00 a.m. until 12:00 Noon. Snow and Ice Emergency Plan Declaration of a Snow Emergency

Chapter 100-5 of the New Carrollton Code governs Declarations of Snow Emergencies:

In case of a City declared snow and/or ice emergency, the Mayor or his/her designee may restrict on-street parking during said emergencies or other emergency conditions on all streets maintained by the City where parking is permitted on both sides of the street.

During a snow emergency, parking is permitted only in driveways or on the even-numbered side of the street. While such restriction is in effect, vehicles shall remain parked on the even-numbered side of the street until the next calendar day following such time as the condition causing this restriction is cleared from the odd-numbered un-parked side of the street at which time all vehicles must be moved to the odd-numbered side to facilitate clearing of the even-numbered side. During the snow emergency, the City will allow vehicles parked in driveways to temporarily block the sidewalk in order to accommodate the maximum number of vehicles. Sidewalks must be cleared of vehicles within the twenty-four-hour period following the cessation of the snow fall and the subsequent clearing of both sides of the street. With the exception of sidewalk areas within driveways, nothing in this plan permits parking in other areas in which parking is otherwise prohibited.

Implementation of a snow, ice or other emergency situation requiring parking restrictions shall be publicized on the City Comcast television Channel 71, Verizon Channel 30 and on Metro area television and radio public broadcasts, with said broadcasts deemed sufficient for enforcement of this plan.

Any vehicle which is parked in violation of this plan shall be issued a citation for such violation and be subject to being towed and impounded by the City Police Department.

Any person issued a citation for a violation of this plan shall be subject to a fine of two hundred fifty dollars (\$250).

New Carrollton Business Association

Pictured to the right: Attendees of the New Carrollton Business Association (NCBA) meeting included Business Owners, and Mayor Andrew C. Hanko

The **New Carrollton Business Association** is an initiative of the City of New Carrollton's Economic Development office.

The New Carrollton Business Association (NCBA) met on Tuesday September 1 for its second meeting. The meeting included a discussion with Chief Rice of the New Carrollton Police Department about public safety issues affecting businesses. Chief Rice responded to questions and gave insight into the best ways to work with the police department to address concerns.

The meeting also included an in-depth discussion of ARTOMATIC, a 6-week arts festival that will be coming to the New Carrollton area October 30 – December 12. The festival is FREE and expects to bring 70,000+ visitors to the area. It offers a great opportunity to attract new shoppers and diners to the City! NCBA members discussed ways that we can prepare for ARTOMATIC and make the most of this business marketing opportunity.

Big thanks to our generous meeting host, Children's Choice Pediatric Dentistry, and caterer, King Pollo. The space was beautiful and the food delicious!

NCBA meetings will be held monthly – contact Susan Hartmann, Economic Development Coordinator (301.459.6100, shartmann@newcarrolltonmd.gov), to add your name to the list and stay tuned for details about upcoming meetings! Keep your eye out for the NCBA logo at participating businesses!

Police Autumn Safety Tips: Be it a time constraint, shortened daylight hours during the winter, there are numerous reasons why runners and walkers should be aware and prepared, as one may imagine, the decreased visibility during the night results in the need for increased precautions that should be taken to ensure safety.

Plan Your Route: In the dark, planning the route you will run or walk to ahead of time will help you avoid the possibility of getting lost. Further, knowing the route, as well as the area, ensures that you are aware of any possible obstacles, such as potholes or poorly maintained roads, that may be harder to spot in the dark.

Visible Clothing: It is imperative for your safety, and that of others, that you are visible to oncoming traffic and pedestrians. Be sure to not only wear brightly colored clothing, but to have plenty of reflective gear.

Reflective Safety Vest: Reflective safety vests are a lightweight option to layer over your clothing, giving you added visibility to passersby. In addition to vests, other products, such as reflective wrist and leg bands are also available. It may seem excessive to add even more reflective layers over your already bright clothing, but in the scenario of night running, it is better to be seen from far away than to risk the chance of not being seen at all by an oncoming motorist.

Headlamp: A quality headlamp designed for runners will benefit you two fold. First, it aids in alerting your presence to oncoming traffic, and it will light up the path in front of you, allowing you to see the path you are running on more clearly. If possible, find a headlamp that contains a bright front lamp, as well as a flashing rear lamp which adds visibility to traffic.

Pepper Spray: Consider carrying a small running specific pepper spray. Unfortunately, most think of using pepper spray as personal protection against human attacks. While this danger may be present during your night run, a more likely situation may be an animal attack. Even typically non dangerous animals may be startled and provoked by your presence at night. Pepper spray is non-toxic and will not create lasting damage, but may be enough to halt an unexpected attack from a human or an animal.

A reminder to residents that the New Carrollton Police Department strongly enforces Parking Ordinances:

110-21 (B) (5) – Parked within 20 inch of a crosswalk or intersection - \$65.00

110-21 (B) (6) – Parked over 6 inches from the curb, no standing, no parking - \$65.00
