## Arbor Day Foundation

### Names New Carrollton Tree City USA.

New Carrollton, MD, March 22, 2017– The Arbor Day Foundation has named the City of New Carrollton a 2016 Tree City USA in honor of the city's commitment to effective urban forest management.

New Carrollton achieved Tree City USA recognition by meeting the program's four requirements: a tree board or department, a tree-care ordinance, an annual community forestry budget of at least \$2 per capita and an Arbor Day observance and proclamation.

"Tree City USA communities see the impact an urban forest has in a community first hand," said Dan Lambe, President of the Arbor Day Foundation. "Additionally, recognition brings residents together and creates a sense of community pride, whether it's through volunteer engagement of public education."

The Arbor Day Foundation is a million member nonprofit conservation and education organization with the mission to inspire people to plant, nurture, and celebrate trees. To learn more about the Tree City USA program, visit [www.arborday.org/TreeCityUSA](http://www.arborday.org/TreeCityUSA).

## Highlights from the Mayor:

City residents for your reference on page 13 of this newsletter we have added some phone numbers of the local utility companies currently serving the area which might be helpful to you .

On Friday, February 24, 2017, the City of New Carrollton Police Department held their 2016 Annual Police Banquet. The City of New Carrollton is fortunate to have such dedicated sworn officers, civilian staff, and great leadership. The night was filled with great honors being bestowed to the officers civilian staff and local businesses. On behalf of the City Council, I would like to thank all attendees. We appreciate the support from local businesses who contribute and provide support to the City's events throughout the year.

The City of New Carrollton Community Garden started gardening on April 1, 2017.

The Community Garden Program offers our community residents the opportunity to grow much more than vegetables and flowers. Residents who lock space to garden now have the opportunity to socialize with fellow gardeners and at the same time get to know each other. By gardening we make positive environmental impacts on our daily lives. To all the gardeners who have registered, welcome and enjoy the 2017 gardening season.

The City of New Carrollton's Dog Park is located at West Field Park 6300 Block of Westbrook Drive, across from the Department of Public Works. The park is available without registration and a code to enter the gate is not necessary. Residents need to be mindful that gates at the park must remain closed at all times to avoid dogs from leaving the Dog Park and approaching residents walking on paths near the Dog Park. For more information about this topic please call 301-459-6100.

**Senior Citizens Be Aware.** There are all kinds of scams; please make sure you do not disclose your personal information to strangers. A Social Security number is the single most important piece of government-issued identification an American citizen can have, and the most valuable piece of identification that criminals try to get their hands on.

**Schools will soon be out for summer vacation.** I ask all residents to drive with caution throughout the City. The children will be playing outside and riding their bicycles on the street.

**Removal of Excrement:** The owner or custodian of any dog or cat is required to remove their pet's excrement from public or private property.

**Stray Dogs and Cats:** Anyone who picks up a stray animal must immediately notify and turn the animal over to the Prince George's County Animal Control Facility.

**Register your dog or cat at the Prince George's County Animal Control located at:** 3750 Brown Station Road, Upper Marlboro, MD 20772.

### **Dog Waste is Not a Fertilizer!**

Picking up after your dog goes further than making your neighbors happy. When you are out walking your dog, it is your duty to collect their waste. The trails and parks we enjoy with our Dogs are adjacent to creeks and reservoirs. Dog waste that is not collected gets carried away during rainstorms to nearby waterways, and can be a significant source of pollution. Dog waste carries harmful bacteria like E. coli, which poses serious health risks if allowed to come in contact with water.

### Protect yourself from scams

**Scammers are getting increasingly sophisticated in their attempts to get your money or personal details. Be alert and protect yourself from being scammed by following these tips.**

**Scams target everyone:** Scams target people of all backgrounds, ages and income levels. There's no one group of people who are more likely to become a victim of a scam. It's not only the naïve and gullible who fall victim; all of us may be vulnerable to a scam at some time.

**Scams succeed because they look like the real thing and catch you off guard when you're not expecting it.** They also exploit your desire to be polite and respectful, as well as your generosity, compassion and good nature.

**Protect yourself:** Be alert to the fact that scams exist. When dealing with uninvited contacts from people or businesses, whether it's over the phone, by mail, email, in person or on a social networking site, always consider the possibility that the approach may be a scam. **Remember, if it looks too good to be true, it probably is.**

**Know who you're dealing with.** If you've only ever met someone online or are unsure of the legitimacy of a business, take some time to do a bit more research. Do a Google image search or search the internet for others who may have had dealings with them.

**Do-Not** open suspicious texts, pop-up windows or emails – delete them: If unsure, verify the identity of the contact through an independent source such as a phone book or online search. Don't use the contact details provided in the message sent to you.

**Keep your personal details secure.** Shred your bills and other important documents before throwing them out. Keep your passwords and pin numbers in a safe place. Be very careful about how much personal information you share on social media sites. Scammers can use your information and pictures to create a fake identity or to target you with a scam.

**Keep your mobile devices and computers secure.** Always use password protection, don't share access with others (including remotely), update security software and backup content. Protect your WiFi network with a password and avoid using public computers or WiFi hotspots to access online banking or provide personal information.

**Choose your passwords carefully.** Choose passwords that would be difficult for others to guess and update them regularly. A strong password should include a mix of upper and lower case letters, numbers and symbols. Don't use the same password for every account/profile, and don't share your passwords with anyone.

**Review your privacy and security settings on social media.** If you use social networking sites, such as Facebook, be careful who you connect with and learn how to use your privacy and security settings to ensure you stay safe. If you recognize suspicious behavior, clicked on spam or have been scammed online, take steps to secure your account and be sure to report the conduct.

**Beware of any requests for your details or money.** Never send money or give credit card details, online account details or copies of personal documents to anyone you don't know or trust. Don't agree to transfer money or goods for someone else: money laundering is a criminal offence.

**Be careful when shopping online.** Be aware of offers that seem too good to be true, and always use an online shopping service that you know and trust. Think twice before using virtual currencies (like bitcoin) - they do not have the same protections as other transaction methods, which means you can't get your money back once you send it. Learn more about online shopping scams.
